P. M.

Lynn-

Well I'd like to sign my pictures but I don't see any. Hasn't the year gone quickly - it has for me. We've run around together off & on for 8 years, but these past two years have made us closer friends. We've shared so many good times - maybe someday the Hidden Village will be open when we go! Remember all the great (+ poor) trios + duets, the weddings - money. We've sat through dozens of church services, rallies, games, concerts, + shared many happy experiences together. But these alone did not make us friends. It was the sharing of our little problems + dreams that lead us to look to each other for encouragement + advice. Some times I think "Lynn + I are so much alike" because of our love for the Lord, our outlook on life, our backgrounds; and other times we seem so different - I'm so shy, you're so outgoing, etc. I guess it's good - our common interests allow us to have a ball even when we aren't feeling great, but we sometimes can balance the other's weaknesses with our strong points. Remember all the talks on certain people - I've learned a lot this year, much of it the hard way, + maybe you have too. But thank you so much for being such a good friend, for letting me rave on about nothing + encouraging me when I faltered. All in all, it's been a good year - forgive me for sounding sad, but you know how it is to say "Goodbye" to "precious memories." I had a lot of growing up to do this year, + that can be kinda rough on a kid. Well I haven't arrived yet, but I do feel I've made some progress - rah! rah! Seriously - thanks for all the good times - there be many more.

Always,

Janie

DEDICATION

For his diligence and endless efforts in creating Alisal High School, this first volume of the TROJAN is dedicated with much pride, admiration, and respect to Mr. William E. Kearney, Alisal's always-friendly, ever-smiling principal.

Lynn-

Best of luck to one of the brightest
girls in school. It's been a blast this
past year and I hope it continues each and
every year! May our friendship last forever!

Love,
Cynthia
Bedaba

FOREWORD

It was September of 1965 and for the first time in its history Alisal High opened its doors.

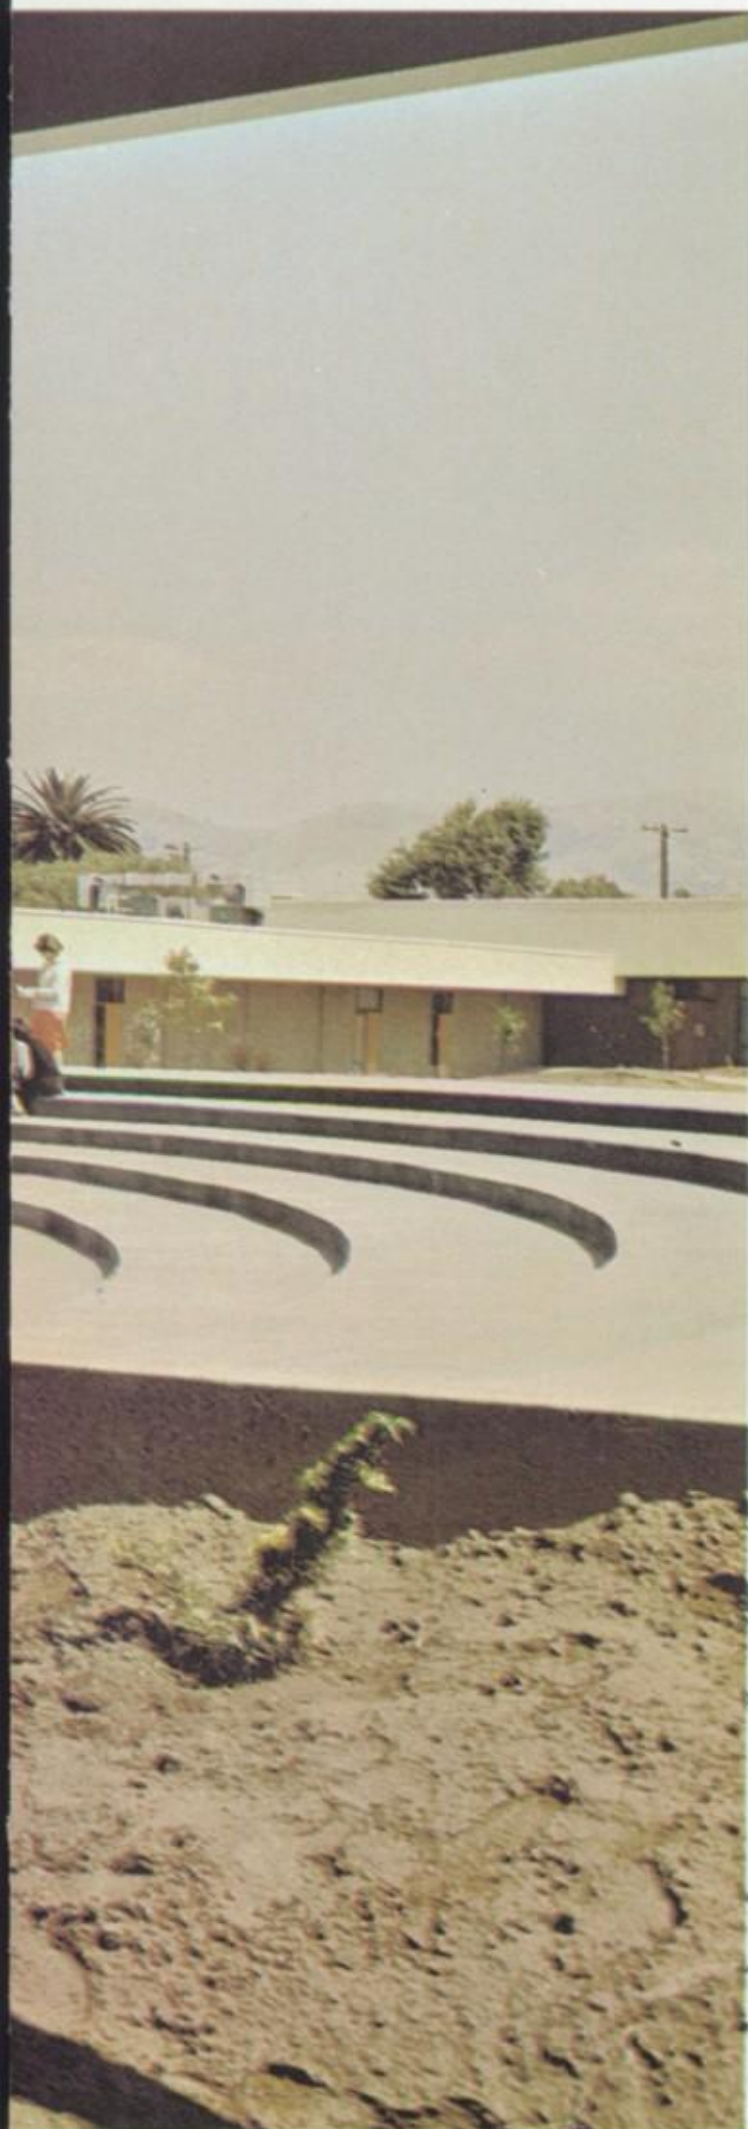

Though the building was not yet complete and though there was just a hint of landscaping, the first Trojans still marveled at and were impressed by the beauty of their school. From the very first minute of this first day there was a feeling of pride born in all the young and eager Trojans. This pride was the drive that would keep the student body going through the all-important task of setting the traditions that all future Trojan generations would follow.

The following pages tell the story of these Trojans and of their school, Alisal High.

*Jeppan,
You're a wonderful
person with a terrific
personality. Always
stay that way. Always
Bless You Always
Have a wonderful summer.
Always a friend,
Pauline

 (Hey! I just

Lynn - It sure is hard to find a place to sign in here! Next time reserve a page for me! This year sure has gone by fast, hasn't it? I can hardly believe it's summer. I guess one of the reasons it went so fast is because it's been such a wonderful year in so many ways. For one thing, in this year, I

think we have gotten to be good friends. I really enjoy talking to you, cause you're one person who will always listen. And I listen to your problems, too. Somehow it always makes my problems smaller. You're really a lot of fun to talk to. I really like having you for a friend and I'll always stay friends forever. I hope you'll keep your faith in our Lord, Lynn, because

one who will always help you no matter big or how small your problem is. I know helped me many times when it seemed one else cared. Best wishes and the Best of always in everything you do. I hope I.S. making some sense for your sake pretty soon. going to sign my pictures in here by I can't find any. I wonder why.....? Ok

May I love you always,

Love,
Chris

Lynn,

When I think back on all the things we've done together and all the fun we've had I wish that this year could be lived over. You've been such a good friend. I ~~could~~ can talk to you so easy and you always seem to have a solution to the problem. I wish that I could help you work out your problems too. I really do hope that everything turns out good for you because you don't deserve to be just dropped. The memories of this last year are so neat that I hope our friendship can continue to grow. You've really helped me this year, especially in the inspiration that you have given me in some of your ways. I hope that we can get together this summer and that you won't hate Geometry too much in summer school. Well, I guess I've rambled on enough, maybe too much. Good luck in every thing you do. I hope that every thing turns out the way you would like it too. May God bless you.

Love

Lynn,
